

# Package ‘PakPC’

November 11, 2024

**Type** Package

**Title** 'shiny' App to Analyze Pakistan's Population Census Data

**Version** 0.2.0

**Maintainer** Muhammad Yaseen <myaseen208@gmail.com>

**Description** Provides tools for analyzing Pakistan's Population Censuses data via the 'PakPC2023' and 'PakPC2017' R packages. Designed for researchers, policy-makers, and professionals, the app enables in-depth numerical and graphical analysis, including detailed cross-tabulations and insights. With diverse statistical models and visualization options, it supports informed decision-making in social and economic policy. This tool enhances users' ability to explore and interpret census data, providing valuable insights for effective planning and analysis across various fields.

### Description

Shiny App to Analyze Pakistan's Population Census Data

### Usage

PakPC()

### Value

Pivot tables and graphs of PakPC2017 and PakPC2023 R packages data

### Examples

```
if(interactive()) {
  library(PakPC)
  PakPC()
}
```
